Thank you for your interest in George Street Chapel, Oldham's most enchanting and unique events venue. We hope this will be the beginning of a fantastic journey together to create your perfect celebration.

A little about us

Built in 1815, George Street Chapel has been referred to on many occasions as Oldham's 'hidden gem' and can be found nestled on George Street in the centre of Oldham. It is a beautiful and charismatic venue, steeped in history and tastefully renovated to both revive original features and install modern facilities, providing the ideal backdrop to weddings, parties and celebrations.

Set over 3 floors including the main chapel, a mezzanine floor with a stunning vista overlooking the main area and a lower ground floor, the chapel creates an awe-inspiring setting where guests can gather to drink, dine, dance and enjoy the special event together.

We hold an entertainment licence and have a licensed bar.

We can accommodate up to 100 guests overall. You will have exclusive use of the venue throughout your day.

Whilst we could write a book to enlighten you on the wonders of our venue, we know the best way to sell ourselves is to invite you to look around for yourself and talk with the friendly and accommodating staff, so please contact us to arrange a viewing at a time to suit you.
